

FQi-SERIES

PERFORMANCE THAT THRILLS

Unleash the exhilarating potential of the NIU FQi Series, where cutting-edge technology meets unmatched power. With an impressive top speed of 95 km/h (59 mph), this electric scooter is engineered for those who crave adventure while sticking to their budget. A robust 6400 W motor provides rapid acceleration, allowing you to effortlessly zip through city traffic or embark on weekend explorations.

PERFORMANCE THAT THRILLS

Motor Size: 6400W

Max Speed: 95 km/h (59mph)

Max Range: Go further with a remarkable 91 km (56 miles) on a single charge, giving you the freedom to travel without constantly worrying about battery life.

Acceleration: Experience exhilarating acceleration from 0 to 30 mph in under 2 seconds, making every journey a thrilling adventure.

Climbing Ability: Tackle inclines up to 25% with confidence, thanks to a powerful torque that allows you to ascend steep hills with ease.

Regenerative Braking: Capture energy as you brake, extending your range while enhancing efficiency.

COMFORT REDEFINED

Step onto the FQi Series and experience a new level of comfort designed for both rider and passenger. This electric scooter offers a spacious layout that accommodates an additional passenger, making it perfect for shared adventures.

Ergonomic Seating: The plush, contoured seat is designed for long-lasting comfort, reducing fatigue on extended rides.

Rear Folding Footrest: An aluminium rear folding footrest provides ample comfort for passengers, and easily stores away while not in use.

Smooth Suspension System: Enjoy a superior riding experience as the advanced suspension absorbs bumps and rough terrain effortlessly.

Front Storage Compartment: FQi series features a deep pocket perfect for storing your phone, keys, or other essentials while driving. With easy access to USB ports, your devices can stay secure and fully charged.

XL Lockable Storage: Keep your gear secure with an under-seat compartment large enough for two helmets and other essentials. (19,4l)

SAFETY FIRST

When it comes to safety, the FQi Series leaves nothing to chance. Built with a robust frame and advanced safety features, this electric scooter is designed to protect you on every ride.

Sturdy Construction

A reinforced chassis ensures durability, giving you confidence on any journey.

High-Visibility LED Lighting

The bright front and rear LED lights enhance visibility, ensuring you're seen in any conditions. High-beam provides enhanced visibility in the dark.

Premium Braking System

The dual disc brakes offer exceptional stopping power, allowing for quick and precise braking even at high speeds.

Anti-Lock Braking System (ABS)

Experience enhanced stability and control during emergency stops, making your rides safer.

SMART TECH AT YOUR FINGERTIPS

Stay connected and in control with the FQi Series' innovative NIU Smart App integration. This feature offers a seamless riding experience, enhancing convenience and security for modern riders.

Anti-Theft Tracking: Protect your investment with advanced tracking features that alert you to any unauthorized movement. A loud alarm prevents unauthorized riding or movement.

Custom Ride Settings: Control performance settings, view ride statistics, and share access to your vehicle with a friend.

Bluetooth Lock/Unlock: Automatically lock and unlock the vehicle using bluetooth whenever your phone is near your FQi 500.

Real-Time Location Tracking: Forgot where you parked? Easily check your scooter's location from anywhere

Real-Time Diagnostics: Monitor your scooter's health, including battery status, tire pressure, and more, ensuring you're always informed.

SMART TECH AT YOUR FINGERTIPS

Kickstand Auto-Park

Automatically shifts your vehicle to park when the kickstand is deployed.

USB A + USB C Fast Charging

Built-in USB A and C ports allow you to quickly charge mobile devices using the onboard batteries.

Widescreen HTN Display

View key information like speed, indicators, and warning lights on-the-go with the built-in widescreen HTN display.
