

NIU SERIES

NIU NQiX SERIES: THE ORIGINAL, REIMAGINED

Celebrate a Decade of Excellence

Introducing the NQiX Series, a powerful tribute to the beloved NQi Series—now celebrating its 10th anniversary. With “The Original, Reimagined” as our guiding mantra, the NQiX Series takes everything you loved about the classic NQi and elevates it to new heights. It’s time to experience the future of electric mopeds, where nostalgia meets cutting-edge innovation.

THE NEW GENERATION

PERFORMANCE THAT EXCITES

Feel the rush of power with the NQiX Series, designed for thrill-seekers and everyday riders alike.

Robust Motor: Featuring a 9000W motor, this scooter delivers exhilarating performance that gives your commute effortless excitement.

Top Speed: Reach thrilling speeds of up to 100 km/h (62mph), giving you the freedom to navigate highways and open roads with ease.

Dual Battery System: Equipped with two 72V 28Ah batteries, the NQiX 500 ensures you have the energy to conquer any journey, with a range of over 100 km (62mi).

Customizable Acceleration and Torque: Tailor your riding experience with adjustable acceleration settings, allowing you to choose the performance that suits your style—whether it's a swift commute or a leisurely cruise.

COMFORT THAT LASTS

The NQiX Series is designed not just for performance but for rider comfort, making every journey enjoyable.

SMOOTH HANDLING

Enjoy a refined suspension system that absorbs bumps and imperfections in the road, making every ride smooth and stable.

AMPLE STORAGE

Benefit from enhanced storage options that provide room for helmets and personal items, keeping everything secure as you ride.

SPACIOUS SEATING

Experience plush, ergonomic seating designed for long rides, ensuring you and your passenger travel in comfort with a 110mm increased seat length.

EXTRA LARGE STORAGE:

NQiX 300/150: 32l **NQiX 500:** 28.5l

NQi GTS: 600mm -> **NQiX:** 710mm

15,5% LONGER SEAT

SAFETY FIRST

Your safety is paramount with the NQiX Series. We've incorporated advanced safety features to ensure you ride with peace of mind.

STURDY FRAME

Built with an aerospace grade aluminum chassis and premium vehicle components, NQiX is engineered to handle diverse terrains while keeping you secure.

ENHANCED LIGHTING

High-visibility LED lights illuminate your path, making you easily seen by others, day or night.

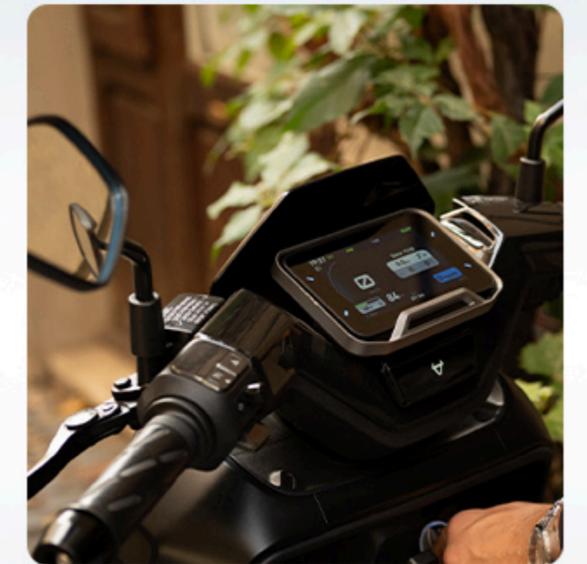

ANTI-LOCK BRAKING SYSTEM (ABS)

Stay in control during emergency stops, enhancing your overall riding experience.

TRACTION CONTROL SYSTEM (TCS)

Keeps a firm grip on wet or uneven road surfaces by varying the acceleration applied to each wheel.

AUTO-HOLD

While on hills, NQiX will keep a firm grip on the road so you can release your brakes. When starting, NQiX evenly applies acceleration so you don't roll backwards or slip.

**YOUR RIDE,
YOUR INFORMATION**

Experience the future of riding with the NQiX's 4" LCD Full Color Display, designed to keep you informed and connected at all times. This intuitive interface puts vital information right at your fingertips, easily controlled by the NIU Link Crown on your handlebar.

*Extra accessories purchasing necessary

NIU LINK CROWN

Twist, Click, Go. Take control of your ride with the all-new NIU Link Crown. Change settings, customize displays, or answer calls with ease.

ROUTE TRACKING

Navigate effortlessly with integrated route tracking, showing your path and estimated arrival times.

MUSIC INTEGRATION

Enhance your ride with built-in music controls, allowing you to switch tracks without taking your hands off the handlebars.

PHONE CONNECTIVITY

Stay connected with seamless phone integration, accessing calls and notifications directly from the display.

ADDITIONAL FEATURES

- Tire Pressure Monitoring*
- Speedometer
- Vehicle Notifications
- Battery and Charging Status
- Ride Modes
- Auto-Hold Feature
- Lap Timer

SMART & CONNECTED

Stay connected with the NQiX's innovative app-connected smart technology, designed to enhance your riding experience.

SMART APP INTEGRATION

Monitor real-time diagnostics, battery status, and performance metrics all from your smartphone.

GPS NAVIGATION

Easily navigate your routes with built-in GPS assistance, ensuring you reach your destination without hassle.

ANTI-THEFT FEATURES

Enjoy peace of mind with advanced tracking and security features that protect your investment from theft.

USER-CENTRIC INTERFACE

Control your scooter's settings, customize performance options, and access ride statistics with a user-friendly app interface.

ULTIMATE EYE CANDY

The NQiX Series reimagines classic NIU design elements while introducing fresh features that enhance both aesthetics and functionality.

MAGNETIC TRANSPARENT FRONT PANEL

Enjoy a sleek and modern appearance with a magnetic front panel that is not only visually striking but also offers easy access to the scooter's headlight components for maintenance.

ICONIC HALO LAMP

The signature halo lamp design not only enhances visibility but also pays homage to the classic NQi-Series, blending nostalgia with modern technology for a distinctive look.

MATTE AND GLOSSY COLOR OPTIONS

Matte Black, Matte Gray, Glossy White, 10th Anniversary*

INTERCHANGEABLE SIDE PANELS

Customize your scooter's look with easy-to-swap side panels, allowing you to express your personal style and change colors on a dime.
